It's time to finalize and confirm the details of your wedding. Here are the things we recommend doing two to six weeks before your wedding day.

Wedding Ceremony & Reception Finalize plans for your rehearsal dinner. Finalize plans for your flowers. Create a timeline for those who will be providing services at the wedding (photographer, caterer, officiants, etc.). Confirm details with the person who will officiate at your wedding and those who will be providing services at your wedding. Provide them with a copy of the timeline you've created. Meet with the Musicians or DJ to confirm music to be played during your reception and wedding. Select the music for your first dance. Give a list of any special seating arrangements to the ushers. Plan the layout and seating for your reception with the site manager and caterer. If you would like seating to be arranged, write names on the place cards.

Wedding Guests Contact any guests who have not responded to your invitation.

Invitations & Announcements Finish addressing your wedding announcements.

Clothing Have a final fitting for your bridesmaids' dresses and your gown. Pick up wedding rings.

Wedding Party Create a timeline for those in the wedding party. Remind the bridesmaids and ushers/groomsmen of when and where they need to pick up their clothing for the wedding. Purchase makeup and accessories for your bridesmaids.

Photography & Videography Meet with the photographer to discuss any special photos you would like to have taken. Meet with the videographer to discuss the events and people you would like videotaped.

Honeymoon Start packing for your honeymoon.
